DESCRIPTION

The Summer Institute on Aging Research offers new researchers intensive exposure to issues and challenges in research on aging. New researchers are defined as those who have received the M.D., Ph.D., or other doctoral level degree, are at the early stages of a research career, and demonstrate a capacity or potential for highly productive independent research. The doctoral degree may be in the biological, clinical, behavioral, or social sciences.

The program of the Summer Institute includes lectures, seminars, and small group discussions in research design relative to aging, including issues especially relevant to aging of ethnic and racial minorities. Lectures will cover topics in research on aging, including: the biology of aging; genetics and Alzheimer’s disease; and health, behavior, and aging. Discussion sessions will focus on methodological approaches and interventions. The program will also include consultations on the development of research interests, and advice on preparing and submitting research grant applications to the National Institute on Aging.

ELIGIBILITY

Applications will be accepted from emerging researchers, including those who may have had limited involvement in research on aging. The applicant must be a U.S. citizen, non-citizen national, or lawfully admitted for permanent residence. Forty-five participants will be selected based on:

- (1) previous experience and training;
- (2) affiliation with a research university or lab;
- (3) letters of recommendation;(send with application)
- (4) a brief statement of objectives for attending the Summer Institute; and

- (5) significance of research proposal abstract to include significance of the problem, approach, and innovation.

FINANCIAL SUPPORT

Expenses for travel will be reimbursed. Lodging and meals will be provided by the sponsors.

DEADLINE

Applications and letters of recommendation must be received by March 4, 2005. Applicants will be notified regarding acceptance within 60 days.

Attach the following to the application form:

- Typed statement of 150 words or less describing your objectives in attending the Summer Institute.
- Letters of recommendation from two persons who are familiar with your professional interests and scholastic achievements. It is the applicant's responsibility to ensure receipt of letters of recommendation.
- One-page research proposal abstract, with the title in bold print, describing research hypothesis or question, significance of research and proposed methodology to include a plan for analysis.
- Copy of a recent resumé or curriculum vitae.

**INCOMPLETE APPLICATIONS
WILL NOT BE ACCEPTED.**
